THE COMPANY

We at Pan-African Logistics are passionate about providing end-to-end logistics solutions; we are an established name and provide an array of services like removals and relocations, freight forwarding, warehousing and customs clearance. We have our own branch offices in Dar Es Salaam, Mombasa, Bujumbura, Dubai with our head office in Kigali.

VISION

To be the BEST Logistics company in Africa.

MISSION

Giving our customers peace of mind through tailor-made & cost-effective logistics solutions using innovative technology.

CORE VALUES Our promises to the customer..

Integrity

We believe that in the business of Logistics, the customers' trust is vital.

Discipline

Highly disciplined workforce means our undertakings will always be dealt with on time.

Excellence

We believe that our work must be of the highest quality.

Responsiveness

Our customers are important to us. That's why we believe that being able to respond on-time and in the right manner is vital.

Efficiency

Our highly efficient workforce will ensure that your cargo will reach your destination within the stipulated time and in the most cost-efficient manner.

THE PAL TEAM

Pan-African Logistics is a new company with an extremely talented and dedicated team with no less than 20 years of experience. Each and every single member plays a key role in ensuring that our clients' cargo is kept as safe as possible, when on the road, or in the warehouse. The Pan-African team is also highly trained in every field of logistics. With our wealth of knowledge and expertise, we will provide you with a one-stop, worry-free solution to all your logistical needs. We live and breathe logistics, to move Africa's Trade & Industry.

PRODUCTS & SERVICES

Services tailor-made to your needs

Pan-African Logistics is a dynamic and innovative service provider who is committed to giving our business partners the freedom of mind when it comes to the different facets of Logistics. Our expertise in these fields of Logistics will ensure that your products will always be in good hands and will always reach your destination in the shortest time possible.

INLAND TRUCKING

With a well-maintained fleet of trucks and a dedicated group of trained drivers, we will get your cargo to your destination in plenty of time to spare. You will find that our affordable rates are highly competitive and hard to beat. Our trucks are also fitted with tracking devices to allow you to track their journey.

CUSTOMS CLEARANCE

Our staff are well-versed in all paperwork required to clear your goods. And with our own clearing department, we can give you the best prices available in the market and yet clear your goods on time.

AIR & SEA FREIGHT

Understanding our customers' urgency for their products to be delivered to their destinations, we put ourselves in the customers' shoes and treat each shipment as it is our products thus ensuring timely, yet cost-efficient deliveries.

PRODUCTS & SERVICES

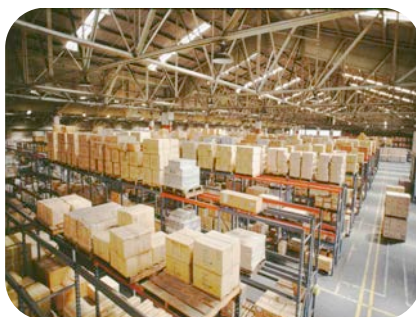

Services tailor-made to your needs

Pan-African Logistics is a dynamic and innovative service provider who is committed to giving our business partners the freedom of mind when it comes to the different facets of Logistics. Our expertise in these fields of Logistics will ensure that your products will always be in good hands and will always reach your destination in the shortest time possible.

PACKING & MOVING

We understand that personal articles and belongings are extremely valuable to our customers. That's why we take the utmost care when it comes to packing & moving our customers' items. With our highly-experienced and well-trained packing team, you can be assured that your cargo is in safe hands.

WAREHOUSING

With 24/7 security and surveillance, you can rest assured that your products will be safe for the duration of storage. And with our barcoding system, our warehouses are well-organised and your products will be categorised accordingly into our Warehouse Management Software.

DOMESTIC & REGIONAL TRUCKING

With a fleet of well-maintained trucks and a team of dedicated drivers, we will ensure that your cargo will be delivered to your destination on time. All our trucks are fitted with a tracking device so you'll get real-time updates as to where the trucks currently are.

INLAND CONTAINER DEPOT DAR ES SALAAM

Our Inland Container Depot comprises of an open yard with a main entrance, loading and offloading zones and warehouses. The open yard is a modern concrete facility surrounded by an electric fence and a perimeter wall. The yard is properly drained and flood lit thereby enhancing security within the area. The perimeter wall of the entire ICD is well secured by use of modern alarm systems designed to trigger at the slightest intrusion. The ICD is designed to handle imports containerised cargo which can either be in FCL or LCL.

Security of our client cargo being our priority. With the use of 24/7 CCTV surveillance, a team of well trained security armed personnel, and a team of fire fighting personnel, we ensure that our clients' cargoes are in the safest of hands.

Our Inland Container Depot can accommodate 1800 TEUs at any given time with proper stacking yard layout. Our facility also offers CFS services for export cargo. With our modern handling equipments and our experienced staff in our facility, clients are guaranteed that their cargo is handled professionally to meet their needs. The following are some of the services offered in our CFS facility:

Stuffing and De-stuffing

Weighing of loaded containers

Warehousing facility

Transporting loaded containers from CFS to Port of Dar Es Salaam

Stripping services

Collection of empty container from various depot to our CFS
